Dear Student Body:

I would like to thank you for giving me the opportunity to serve as Mayor this year. It has been an invaluable learning opportunity. I have benefitted greatly from my year as Mayor and I hope that it has also been of benefit to the school as a whole.

The past year has been an interesting one. I am thankful to all the students, teachers, and administrators who helped and supported me. I have learned much concerning people and dealing with situations. These experiences will be of great value to me in the future.

It is my hope and wish that the student body and the future Student Council members have also learned from this year and that what they have learned will help them in the future.

Thank you again for giving me this opportunity and the best of luck to next year's Student Council.

Renee L. Voss
1983-84 Mayor

School Board Representatives:
Dave Henkhaus and Amy Dalton.

Renee Voss; '83 - '84 Mayor

10th Annual Millard Fillmore Canoe Race

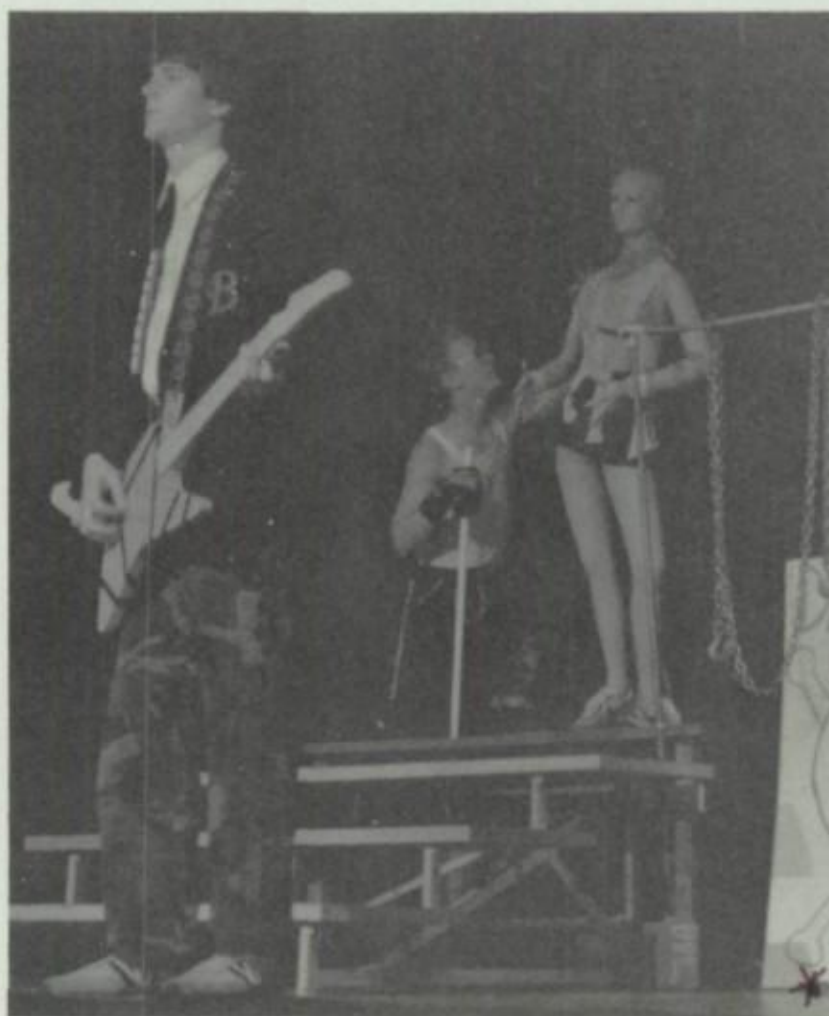

Amid hats waving, crowds cheering, and general mayhem, Maureen Boyle & Carlyn Bauman, and Joe Krien & Jim Friend, accepted their first place awards. The 10th Annual Canoe Race, held on the local Fox River, was Saturday, May 21, 1983. Mr. Robert Belden (President Fillmore) presented the awards that day.

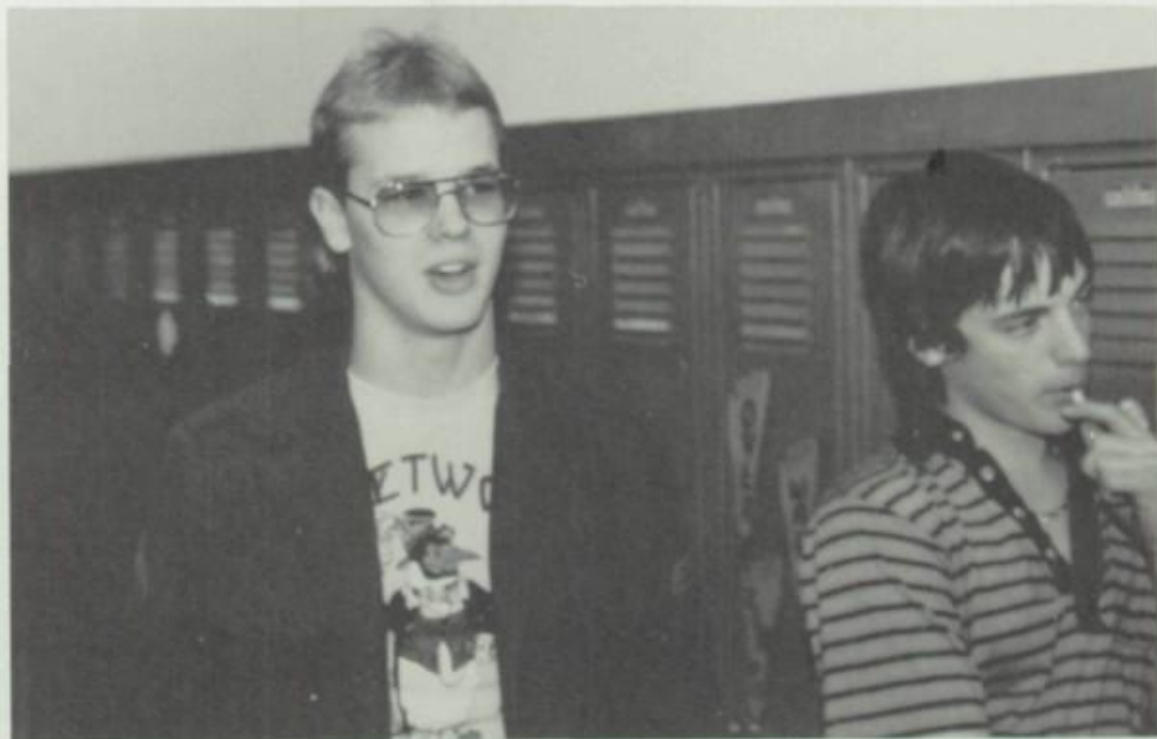

Lewis & Clark don't even compare!

Foreign Exchange Students

I am an AFS student from Barcelona, Spain. My city is pretty big, about 3 million people, and it's located by the Mediterranean Sea.

I have two sisters who are both younger than I. (one is 11 and the other is 14) My father is an economist and works in the city hall. My mother is a social worker.

I spend much of my leisure with music. I play the recorder and the piano. In sports, I like volleyball, swimming, and horseback riding.

My school back in Spain is a lot different than here. It's harder and we don't get to choose between as many subjects as here.

I'm planning to go to the medical school in my city after this year.

Miriam

My name is Evandro Vidotti. I am 17 years old and from Bebedouro, Sao Paulo, Brazil. Brazil is a great of 99% sunny days and the cold winter weather of Wisconsin is a bit strange for me.

I like the people here and the way they act. United States, the land of opportunities is just great, and the students of BHS have made my stay fun! I'll really miss my USA friends.

In Wisconsin, there is good food, good sports like hunting and skiing, and the lovely snow.

In Brazil there are many things I miss such as my friends, my bike, and my family.

My dad is a farmer and my mom is a housewife. I have one brother and one sister, both younger.

I must go back to Brazil in July, not because of the college, but because I don't want to miss "The Carnival" - the "Marti Graw"!

Tchau! (good-bye)

Evandro

Hi! My name is Asa and I am a rotary exchange student from Sweden. My city is called Kristinehamn and it has a population of about 27,000 people.

Sweden is a great country with terrific weather if you like skiing like I do. I also enjoy horseback riding, and I have been riding since I was 8 years old. Swimming, singing, dancing, and play theatres are other hobbies of mine.

My family at home isn't very big. My father, who died 3 years ago, was the fire chief of my city. My mother works as a physical therapist, my brother (22) is engaged and both he and his fiancée work at a mental hospital, and my sister Pia (19) goes to the same school as I do.

The school back in Sweden is a lot different than here. It is harder and we study more languages. I speak English, German, Swedish, and some Norwegian.

After this year, I am planning to study at a medical school. I want to become a veterinarian.

Asa

Harry Sandell is our 17 year old exchange student from Handen, Sweden which is located 12 miles south of Stockholm. He is living with the Campbell family. In Sweden, Harry has an older brother of 21 and a younger sister of 4. His dad sells houses and his mom is a hairdresser.

Harry is studying economics and when he returns to Sweden, he will have to finish 2 more years of school.

Harry likes the nature of Wisconsin. He has been Water skiing, to stock car races, and to the Brewer game. He also enjoys music.

Susanna Gonzales

I am 18 years old and an exchange student from Culiacón Sin, Mexico. I'm staying with the Spiegelhoff family. I have two brothers and one sister. My father is an industrial engineer and my mom is a housewife. One of my brothers is also a foreign exchange student in Utah; his name is Rael.

This school is very different from the Mexican school. We don't have to change from room to room, we don't have the same classes each day, and we have more free time. The school in Mexico is only for girls and we wear uniforms.

I miss my country, my family, and my friends, but most of all I miss the Mexican food.

I love the snow in Wisconsin. Skiing is a new experience for me because I don't have snow in my city and most of the time it is warm. I like the American music. My favorite is rock.

Marcelo Vadas is a foreign exchange student from Brazil. During his stay, Marcelo will live with the Champion family. In Brazil, his father is a civil engineer and his mother is a chemist. He has one brother who is 22 years old and is in the process of completing his 4th year of college.

There are many differences between American schools and Brazilian schools. In Brazil, high school starts at 8th grade and ends at 10th grade. During high school, three basic courses are offered: exact science, human science, and biological science.

In his spare time, Marcelo likes to play basketball, rugby, soccer, and go swimming. He also enjoys listening to music. His favorite American groups are Styx and Foreigner.

After summer vacation, Marcelo will continue to study biological science since he plans to go into the medical and/or science field as a career.

Foreign Exchange Students: Row 1 • Miss Sattola. **Row 2 •** Asa Sterner, Harry Sandell. **Row 3 •** Susana Gonzales, Miriam Nadal, Evandro Vidotti.

Jackie Chesley and Kevin Wodicka

Jackie Chesley-

This past summer I spent 12 weeks in Sydney Australia. My host parents were Yugoslavian immigrants; They've been in Australia for 20 years. My host brother (Peter) and sister (Janny) were both born in Australia.

Sydney is approximately as large as Chicago, so I suffered a mild case of culture shock. Australia is in the southern hemisphere, so their seasons are opposite of ours. Because it was winter, I had to attend school. I found school there very different; much more disciplined.

My host father runs his own business and my mom is a nurses aide. My host brother left school early and works in an advertising agency.

While I was in Australia, I was able to travel a bit. I spent a few days in Canberra, in the Australian capital territory, and a week in Melbourne.

My AFS experience in Australia was the best thing that has happened to me. AFS exchange is open to anyone. Don't pass up your chance!

This past summer, I went to West Germany as an AFS exchange student. I lived in a small community of 20,000 people in the town named Schloss Holte. Although I was only there 2 months I had a great time. The German people were very cordial everywhere.

My host family was especially nice. Fortunately, I got along very well with both my host brothers and traveled all around Germany with them. If I ever have the opportunity to go to Europe again, I shall definitely go back to Germany.

Auf Wiedersehen,
Kevin Wodicka

Terve from Finland

It's been almost five months since I left Burlington to become a Rotary exchange student in Finland. The city I live in is Pori, an industrial town of 80,000.

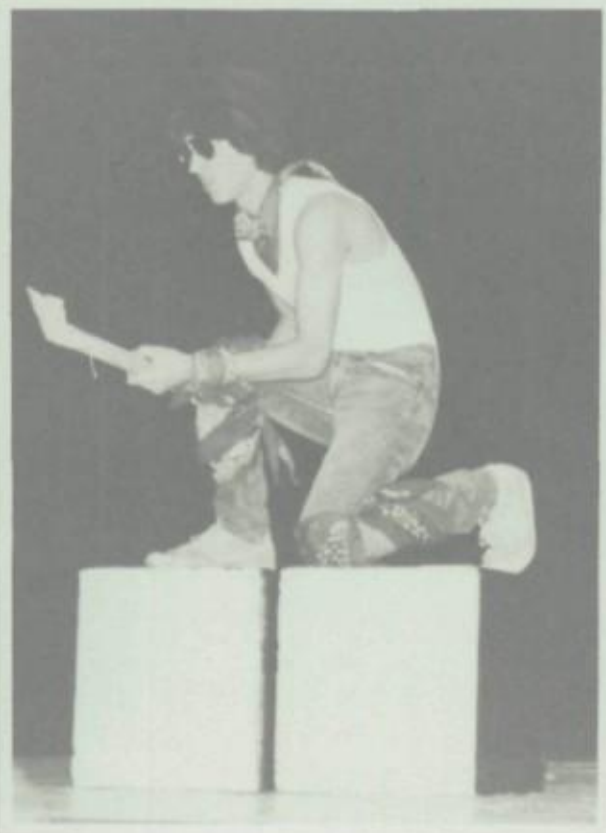

My host family was the Kay Rasmussen family. The father is in charge of lumber for a large match making company. The mother works in a bank. One of my sisters is married, one brother, unmarried, and another sister, Ann, who is my age.

I am attending the Swedish speaking school in Pori. The school is very small about 200 students, 7 years old through 19 years. School is divided into 2 parts- 1 to 9 grades and then gymnasium which is called 1G, 2G, and 3G. This is equivalent to our 10th, 11th, and 12th grades. You aren't allowed to choose classes and there are no lockers in any of the schools. Bags are left in the halls.

On weekends, the younger people usually go to town and walk around this certain block. About 500 kids walking around and around - rain or shine from about 10 P.M. to 3 P.M. It's called "Ranni". They also go to a lot of movies or parties.
